

# General Parking & Traffic Regulations

---

## I. Introduction

Pursuant to the authority granted by the Texas Education Code, Tarleton State University has established regulations and procedures applicable to anyone who walks, drives, and/or parks a vehicle on campus. The operation of any vehicle on the Tarleton campus is a privilege granted by the University and not an inherent right of any student, faculty/staff member or visitor. All students and faculty/staff members who park on the University campus must register their vehicles and purchase a parking permit from the University Parking Office. All visitors are requested to obtain and display a valid visitor permit. Disabled Veterans and certain military honors licensed vehicles are required to display a valid permit and will not be charged a fee to obtain the valid permit. If you change plates on your vehicle or get a new vehicle, you must notify the Parking Office prior to parking on campus. **Purchase of a parking permit does not guarantee a parking place on campus.** The University is not responsible for fire, theft, damage to, or loss of, any vehicle parked or operated on University property. The University reserves the right to:

- Remove or impound any vehicle operated or parked in violation of University Regulations;
- Close any campus parking area or facility or to change the designation of any parking area. Such changes will be announced on the Event Calendars, our parking homepage, and/or via email and other media as practicable;
- Suspend or revoke any permit;
- Bar the registration and withhold the grades, diplomas, refunds, and official transcripts of any student for nonpayment of outstanding charges;
- Deny parking permits and parking privileges to those with parking violations or unpaid citations;
- Bring disciplinary action against employees or students who fail to abide by these regulations; and
- Grant the Director of University Police broad discretionary powers to enforce special traffic and parking control when not specifically covered by these regulations.

Tarleton Police Officers are commissioned by the State of Texas to enforce all State and Federal laws, the Texas State Traffic Code, Texas Penal Code, applicable ordinances of the City of Stephenville, and within the county where Tarleton State University owns or leases property. All persons on University property are required to identify themselves to Police Officers and Enforcement personnel when requested. All accidents, thefts, or other offenses which occur on University property are to be immediately reported to the University Police at 254/968-9002 during business hours, 8 am to 5 pm, M - F. If after business hours, they should be reported to the Emergency Control Center @ 3-1-1 (from blue light phones or campus phones), or 254-968-9265. If an emergency, dial 9-1-1.

Police and Transportation Services will attempt to inform the person after the second violation of the same type as a warning that another repeat violation of the same type will result in restricted privileges and referral to Judicial Affairs. Any communication from Police and Transportation Services is a courtesy and is not required for the restriction of privileges. If a restriction citation is received, the driver must exchange their current permit for the restricted permit in the Police and Transportation Services office located on the corner of Harbin and Frey Street.
- B.
