

A Briefing from the President

“Connections” is a regular update from the Office of the President.

CABINET HIGHLIGHTS

Strategic Plan

Tarleton's strategic and academic planning leaders are hard at work preparing opportunities for you to engage with the University's next guiding document. Look for announcements and activities coming your way soon. You can review the University Planning Council's efforts to date and progress at

www.tarleton.edu/ORG/strategicplan/index.html.

Code Purple Reminder

Just a reminder that everyone on campus will soon be contacted by Code Purple, Tarleton's Emergency Notification System. All students, faculty and staff will be enrolled automatically in the system pursuant to HB-2758. Watch for coming emails that will direct each of us how to manage our Code Purple accounts and add mobile devices.

Staying Above 10-Grand!

Provost, Dr. Karen Murray, was happy to report to the Executive Cabinet yesterday that Tarleton has officially exceeded 10,000 students. Our official 12th class day enrollment is 10,281 students. Congratulations fellow Texans!

Tarrant County College Leadership Visit

Leaders from Tarrant County College have made plans to visit Tarleton's Stephenville campus on Monday, September 17th. Tarrant County College is one of our "Top Academic Partners." Our partnership guides students to Tarleton's Southwest Metroplex Campus' completion programs in nursing or one of the 42 other undergraduate, graduate or certification programs. If you see them on campus, be sure to give them a warm Texan welcome.

We hope to see you at Cowboy's Stadium at 4pm on Saturday as the Texans take on Abilene Christian University at the Lone Star Conference Football Festival. I hear that tickets are still available at the gate. Good luck and Go Texans!
