

A Briefing from the President – Dr. F. Dominic Dottavio,
Tarleton State University

CABINET HIGHLIGHTS

Tarleton's Executive Cabinet consists of the President, Vice Presidents and Chief of Staff. The group meets weekly to discuss business of the University.

OA Grant Project Update

You may have noticed the construction-related activity beginning around the OA Grant Building. Before the project progresses further I would like to offer my sincere thanks to those who have worked so diligently on the project and those patiently displaced by the construction. Additionally, I have provided an overhead perspective drawing (next page) that highlights the construction laydown area and new construction footprint.

Visioning Sessions

Vice Presidents Rusty Jergins and Tye Minckler are leading individuals affected by System outsourcing efforts through "Visioning Sessions." These sessions provide an opportunity for employees to build individual and collective visions of their professional future. We are seeking a shared vision that unites us and compels us to excellence, a vision of the future that can guide us through difficult times and help us to remain focused on student success.

New Staff Award Focused on Student Success

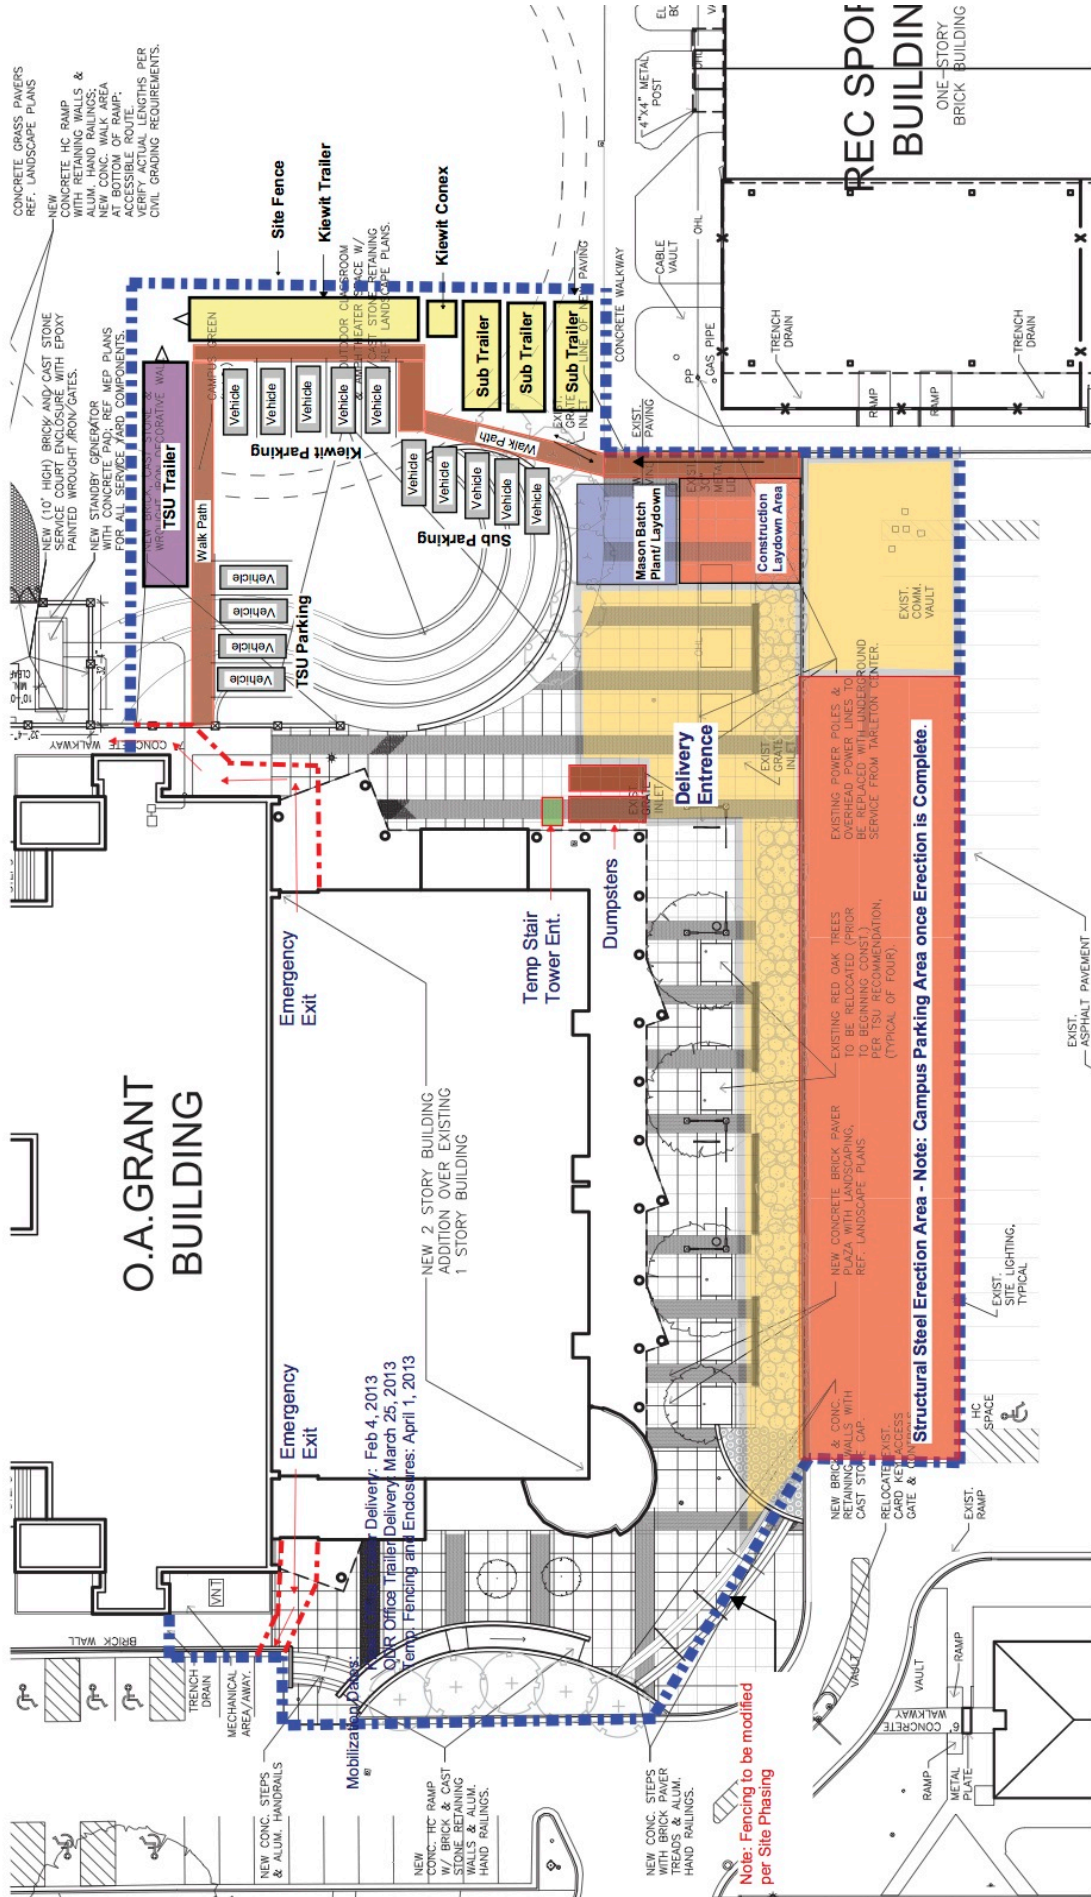

Tarleton staff play an integral role in the development of our students and are key to their success. A new staff award will be offered in 2013 that recognizes staff dedication to students' academic experiences. **Enhancing the Student Experience** is "...presented to an individual who demonstrates the most outstanding achievements in providing inspiration and innovation in enhancing the student experience." Feel free to nominate a deserving member of our exceptional staff at:

Spring Is Here...

Spring is a busy time!
Spring break, spring sports, Texan Tour, theater, FFA & 4-H judging events, recitals, Tarleton Round Up and job fairs, just to name a few. I hope you enjoy the season and have time to take in some of the events that make working on a university campus such a wonderful experience.

Note: Fencing to be modified per Site Phasing

Structural Steel Erection Area - Note: Campus Parking Area once Erection is Complete.
