ARTICLE I. STAFF COUNCIL MEMBERSHIP

Section 1. Eligibility

Elected members of the Council shall be full-time staff, below the level of vice president or equivalent, employed during the 12-month period immediately preceding the election as a Staff Council member. Staff employees must be in good standing with the University to serve as Staff Council members.

An individual may not serve two successive full terms of office.

An employee who has scheduled/announced retirement before his/her term will have been completed will not be considered eligible for membership.

Section 2. Elections

Each represented category as defined in the Constitution shall elect one representative for every 20 employees (excluding academic department heads) to serve as representatives. Number of representatives for each category shall be rounded to the nearest whole number.

Prior to elections a poll will be distributed allowing interested staff members to self-nominate, thereby expressing an interest and willingness to serve as a representative of Staff Council for their category.

The Staff Council President will appoint a Staff Council member, usually the Past President, to prepare a ballot/survey for the election of Staff Council members. The ballot/survey will be reviewed and approved by the Executive Committee prior to elections. The Executive Committee will determine how many new representatives should be elected in each category for the following year and will check the membership term lengths before Staff Council elections to ensure sufficiently even rotations each year. A ballot/survey will be prepared for distribution for each category, consisting of a list of all staff members who have expressed an interest and willingness eligible to be a representative for that category. Voters may vote for as many representatives as there are open positions in their category.

Elections for new members will take place in the spring and the new members will assume their representative duties at the beginning of the school year.
